## Three Thefts Are Admitted By Four Men

Four men, arrested Tuesday night by sheriff's deputies under suspicion of theft and held in Hancock County Jail under \$500 bond each, have confessed since then to three thefts.

Sheriff's Deputies Carl Garcia, Raoul Telford and Leonard Ladner apprehended the four, Melvin Johnson, 18; Emmet Ellis, 17; James Ellis, 20, and Will Nelson, 23, all of Bay St. Louis.

The four were found in a Lakeshore woods, near the parked car they had been driving. Two shallow water pumps, owners unknown, were found in the area, but the men denied theft of the pumps.

The men were questioned extensively Wednesday by Sheriff Sylvan J. Ladner, the arresting deputies and City Patrolman Pat Garcia. Emmet Ellis and Melvin Johnson admitted breaking into the car of Pat Rutherford, parked beneath the Bay St. Louis toll bridge Sept. 24, and stealing a shrimp net, a box of tools and a tire and wheel. James Ellis was implicated in this robbery but has denied involvement.

Emmet Ellis and Melvin Johnson also have confessed to the theft of a wheel and tire Sept. 22 from the car of J. D. Green, which was parked on Toomey St. next to the railroad tracks. They implicated two other men.

## Three Suffer Cuts, Bruises In Accident

Only minor injuries were reported by three Bay St. Louis residents in a collision at about 9:30 Tuesday night while returning from the banquet at Biloxi in honor of Miss Mary Ann Mobley, Miss America.

Driver of the automobile, City Commissioner Cyril Glover, reported that his automobile was struck broadside on US 90 at the Porter Ave., Biloxi, intersection by a car driven by Andrew Smith, Negro, who reportedly had ignored a red traffic signal light.

Passengers in Mr. Glover's car included Miss Myrna Quarterman, southeast district and Hancock County Queen of the Forest; Mrs. Mabel Green, Chamber of Commerce secretary, and Mrs. Waldo Otis.

Miss Quarterman suffered a bruised knee. Mrs. Otis' arm was cut by a diamond bracelet which was broken in the collision, and Mr. Glover and Mrs. Green had minor bruises.

Smith was found guilty and fined \$5 in Biloxi city court Wednesday night.

## Students Schedule Tribute to Pope Pius

Students at St. Stanislaus were to participate in the Stations of the Cross this afternoon in the college chapel in remembrance of Pope Pius XII, who died Wednesday night.

Students at St. Joseph Academy have been asked to attend mass Friday morning in memory of the Pope.

## State's Most Noted Beauty Is Cheered in Coast Cities

Mississippi's most famous beauty appeared before cheering crowds at Bay St. Louis and Waveland Tuesday as a party of Miss Americas day-long tour of Gulf Coast cities.

"Thank you for this never-to-be-forgotten day," the petite, smiling brunette told the citizens and officials gathered to see Miss Mary Ann Mobley, the state's first Miss America. She wore a dark red printed cotton blouse-style sheath dress, a black velvet beret and a single pearl on a

**BAY HIGH BEAUTIES** — Bay High School students have chosen these girls to reign during homecoming festivities this weekend. They are (left to right) Carol Bourgeois, freshman maid; Edith Traub, sophomore maid; Diane Stoufflet, queen; Cora Mae Vetter, maid of honor, and Ann Morrisale, junior maid.

## Architect Chosen By School Board

Board of trustees of the Bay St. Louis Municipal Separate School District moved Oct. 2 to employ Gulfport architect Charles L. Proffer of the firm of Kuykendall and Proffer, architects and engineers, to draw preliminary plans for the recently proposed school building program.

The motion was instigated by A. L. Siren and seconded by J. W. Watts Jr. Voting for the motion were Mr. Siren, Mr. Watts

JOHN TOOMEY

## Toomey Seeks Marshal's Job

John Toomey, 30, switchman for the Louisville and Nashville Railroad and lifelong resident of Waveland, has announced his candidacy for the office of marshal and tax collector in Waveland in the Nov. 4 election.

Mr. Toomey, married and father of two children, was educated in military schools, high school and had nearly two years of college. He served in the 1st Marine Division for five years during the World War II period and in the Army for three years during the Korean War period.

gold chain, given to her by her roommate at University of Mississippi. Her bouquet was of purple orchids.

Mayor John A. Scafide and City Commissioner Cyril Glover welcomed Miss Mobley at Bay St. Louis. She received the key to the city of Waveland from Mayor Garfield Ladner.

Her tour of the Gulf Coast was climaxed by a banquet that night at Biloxi, attended by city and county officials from along the coast.

and Wayne Alliston, president of the board. Against the motion were Dr. W. Phenderson and Maurice Artigues, who had moved for the hiring of Fred L. Wagner of the New Orleans firm of Oubre and Wagner.

Mr. Proffer will be present at a special meeting at 7:30 tonight when the board will begin actual consideration of a design program. Superintendent Joe D. McCulloch has asked that the board approve construction of a 16-room white elementary school to be built on the 29-acre Dunbar Ave. property owned by the school system.

A three-room addition to the colored Valena C. Jones school. Estimated cost is from \$200,000 to \$240,000.

## Auto License Sale Is Set by Sheriff In Outlying Areas

Sheriff Sylvan J. Ladner Jr. will sell 1959 automobile license tags Oct. 20 to 25 at designated places.

Bay St. Louis residents are reminded that they must pay 1957 town and county personal taxes when they purchase their tags. Residents of Aaron Academy or Flat Top community who live in the Piquette school district must pay 1957 school taxes at Piquette if they owned the automobile for which they are purchasing tags before Jan. 1, 1957.

The sheriff added that 1959 personal automobile taxes also must be paid at the time the tags are purchased. Application cards must be completely filled out before tags may be purchased.

Tags will be sold at:

Lakeshore School, 8 a.m. to noon, Oct. 20.

Kila School, 1 p.m. to 5 p.m., Oct. 20.

Logtown School, 8 a.m. to 5 p.m., Oct. 21.

Oscar Peterson's Grocery, Nacaise Crossing, 8 a.m. to 5 p.m., Oct. 22.

Dedeaux School, 8 a.m. to 5 p.m., Oct. 23.

Aaron Academy School, 8 a.m. to 5 p.m., Oct. 24.

Lectown School, 8 a.m. to 5 p.m., Oct. 25.

## Sorority, Fraternity Pledge Students

Miss Peggy Kergosien, daughter of Mr. and Mrs. Horace Kergosien, has been pledged to Chi Omega sorority at Mississippi Southern College at Hattiesburg.

Peter B. Henderson, a freshman at the University of Mississippi Medical School, Jackson, has pledged Alpha Kappa Kappa medical fraternity. He is the son of Dr. and Mrs. W. P. Henderson.

## Hospital Plans Not Completed By Architect

Plans for a new Hancock County hospital, using Hill-Burton Act funds, still have not been completed by architect Wilfred Dawson, it was learned at a meeting Monday of Hancock County Board of Supervisors.

Mr. Dawson asked the board for permission to include a standpipe system in the plans as an alternative bid. He explained that the standpipe system is an additional means of fire prevention which, although not required by state law, would lower insurance rates considerably.

The Mississippi State Commission on Hospital Care requires that all hospitals be equipped with a sprinkler system in the storage room and fire extinguishers in recessed cabinets throughout the rest of the hospital.

Since state funds could not be used for the standpipe system the supervisors agreed that advertisements for bids for the hospital and the standpipe system would be separate, although the system still would be an integral part of the hospital.

Originally the plans for the hospital had been due in July. Then Mr. Dawson promised they would be completed 10 days after Sept. 2. Later he said that he had every reason to believe that advertisement for bids could begin by Oct. 15, the date he originally had set for such action.

Mr. Dawson, contacted at his Gulfport office, said, "I am still waiting for final information from my structural, mechanical and electrical engineers. I hope that this will be received and coordinated by me in time to present it to the board within two weeks."

After the plans are submitted simultaneously to the Board of Supervisors and the Mississippi State Commission on Hospital Care, they must be approved by both groups. Mr. Dawson admitted that there probably would be minor changes requested by one or both groups before advertisement for bids could begin.

In other business Monday Sutter Well Works of Pass Christian was successful bidder for construction of an 800-foot artesian well on Hancock County Airport property. The well will service the proposed armory next to that property.

The Sutter bid was \$1,888.75. Quick and Grice of Piquette bid \$2,093.30.

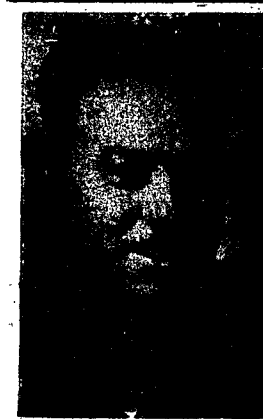

Richard Sabar appeared before the board to request grading and drainage of Bayou La Croix US-90 and Kila Rd.

Mr. Sabar reported that one bridge on the road was secured by cables tied to a tree. He added that sections of the road were nearly impassable because of faulty drainage. The board agreed to consider the problem and to take steps to drain the road.

However, Mr. Sabar charged that he had appeared before the board members six months ago and had obtained the same promise with no accompanying action.

Mrs. Theresa Cuevas requested state aid funds for an operation undergone in a Gulfport hospital. The request was refused, since the county cannot receive credit for state aid funds.

## Fire Prevention Week

Fire losses in the United States last year exceeded the \$1-billion mark for the first time in our history.

An ever-growing population, hundreds of thousands of new homes annually, new office buildings, shops, warehouses, factories—all require protection from already over-burdened fire departments. Increasing in proportion are the potential sources of fire and loss of life.

This week, Fire Prevention Week, would seem to warrant new and special attention from all of us. Designed to protect life and property against one of man's oldest enemies, Fire Prevention Week focuses attention on the causes and effects of fire, reminds us that fires can be prevented.

An important weapon of this effort is the national Junior Fire Marshal program, sponsored locally by Hancock Insurance Co., the Junior Fire Marshal program is a comprehensive year-round public service conducted within the school curriculum. The Junior Fire Marshals include more than four million elementary school-age children throughout the United States, Canada, Hawaii and the Philippines.

Taught fundamentals of fire safety, Junior Fire Marshals annually enlist the help of parents in a nationwide drive to inspect their own homes to eliminate common fire causes. Subsequent projects during the school year place special emphasis on seasonal fire hazards associated with Christmas, winter fire safety and spring cleanup activity.

To be truly effective, Fire Prevention Week lessons should be practiced on a continuing year-round basis. Let's take a tip from our Junior Fire Marshals and practice fire prevention this week and every week.

## Its Epitaph — "Obligations Ignored"

We hear much of what the last Congress did. But a big story is what it didn't do. David Lawrence dealt with that in a recent column in which he said that the 85th Congress "had by its inaction and failure to deal with vitally needed legislation turned out to be the worst in half a century."

Mr. Lawrence cites a number of diverse legislative areas in which Congress failed to discharge its responsibility. It did nothing "to stop the drift in federal finances to ward inflation and bankruptcy." It passed no laws to curb communist infiltration, or to punish those who openly preach the overthrow of our government by force—laws made necessary by United States Supreme Court decisions. It passed no laws to prevent usurpation of basic rights by the federal government—laws also made necessary by United States Supreme Court decisions. And it did nothing to stop labor racketeering and gangsterism, or to control labor union monopolies.

The bills that Congress did pass, Mr. Lawrence goes on, "were of financial benefit largely to special voting groups and, while some of the measures were meritorious, they do not by any means offset the major failures." Economy was a forgotten word. The dangers and abuses that Congress failed to act upon—for purely political reasons in many cases—cannot be endured much longer. The hope is that the public temper is approaching the boiling point, and that a massive weight of public opinion will force the next Congress to recognize its obligations to all the people instead of just pressure groups and treasury looters.

## Bang's Disease Is Controlled

Hancock County Board of Supervisors and County Agent Howard F. Simmons received a certificate Monday from Dr. P. D. Necaise, veterinarian, to the effect that the county had been declared a modified-certified-brucellosis-free area.

The Board of Supervisors adopted this program, in cooperation with the Animal Disease Eradication Division of the Department of Agriculture and the State Livestock Sanitary Board, early in 1957. The testing began April 15, 1957, and after 799 herds and 11,152 cattle were tested it was determined that the rate of infection to the total number of cattle tested was 1.3 per cent.

The herd infection was 11.4 per cent. Infected herds were retested until herd infection was reduced to 1 per cent and cattle infection to 0.1 of 1 per cent. To certify a county it is necessary that not more than 5 per cent of the herds and not more than 1 per cent of the cattle be infected.

The program was under the supervision of Dr. Necaise, veterinarian with the Animal Disease Eradication Division of the Department of Agriculture, and was directed by him and Mr. Simmons.

Dr. Necaise said that cattle owners should not take a complacent attitude now that the county is a modified-certified area. Owners of herds proved free of the disease should make every effort to keep them free. Only cattle recently tested or vaccinated as calves and chosen from herds free of disease should be added to herds.

It is wise also, Dr. Necaise said, to vaccinate heifer calves between 4 and 8 months of age—in case infection should get into the herd or herds in the neighborhood.

Herds which showed infection when tested on the area program, should be retested until they are disease free. If these things are done the county will have eradicated brucellosis, Dr. Necaise said.

## Business Rises

Bay St. Louis business activity showed a 14 per cent increase in August over the same month in August, 1957, according to a report issued by the Mississippi Business Review.

The monthly report published by the Business Research Section at Mississippi State University shows that Bay St. Louis stood at 199 per cent of the 1947-49 index average for business activity.

The entire Gulfport-Biloxi district, which includes Biloxi, Gulfport, Bay St. Louis, Pass Christian and Piquette, showed a 6 per cent increase in August over August, 1957. The district index increase was 229 per cent. Increases for individual towns were Biloxi, 7 per cent; Gulfport, 5 per cent; Pass Christian, 19 per cent; Piquette showed a 12 per cent decrease.

## Corn Picker Safety Sweet Potato Curing

Mechanical corn pickers can be the most dangerous of farm machines when carelessly operated.

Here are some tips to make your picker operation safer: 1 - Stop the picker before filling, adjusting or unclogging. Make shutting off the power a habit every time you leave the tractor seat.

2 - Keep shields in place. Never operate the machine without safety shields. Use tractor engine shields for fire protection on mechanical pickers. Keep a fire extinguisher handy.

3 - Dress for the job. Always wear close fitting clothing that is warm and comfortable. Make sure no one else is on the machine with you.

For best results in curing sweet potatoes, provide a storage house temperature of 85 degrees as the house is being filled. Maintain this temperature for five to eight days.

The humidity in the house should also be kept high, 85 to 90 per cent, both in curing and for storage.

In most cases it is best to keep all doors and ventilators closed during the curing period, except to prevent drops of water from forming on walls and ceiling.

After curing is completed, reduce the house temperature to 55 to 60 degrees as quickly as possible. Maintain the house at this temperature during the storage period. Do not let the temperature drop below 50 degrees.

## Dairy Replacements

To a large extent your future dairy herd depends upon your present herd sire.

For a majority of dairymen, the herd sire is answered in artificial breeding. Service is available in 69 counties from bulls of three breeds, Jersey, Guernsey and Holstein. In areas using frozen semen, all five breeds are available.

Bulls in artificial breeding studs are backed by outstanding production records. Many of the bulls have daughters milking in Mississippi. For more information, call on your county agent.

## Hospital Plans School Board Chooses Gulfport Architect for Projects

(Continued from Page 1)

The board has asked Mr. Proffer to begin preliminary plans with the understanding that if the school bond issue is approved by voters he will be hired to design the approved buildings for the standard architectural fee of 6 per cent of total cost. If the bond issue is unsuccessful he cannot be paid, according to Mississippi law.

Mr. Proffer said, "I am very anxious to begin this continuation of the renovation and modernization of the Bay St. Louis school system. The building program proposed by the board should go far toward the fulfillment of present and future school needs."

The selected architect presently is in charge of construction of a consolidated school at Kiln. He was employed two years ago for the complete renovation of Bay High School and was designer of the home-making and shop building for Valena C. Jones school.

A motion was passed that a special meeting could not be called with less than five days' notice to members from the president of the board or from three members. An emergency meeting still could be called in less time if the consent of all board members could be obtained.

"Despite our vital interest in board activities there are times when less notice than this makes it impossible for us to attend the meeting," said Mr. Arduques, who made the motion and originally asked for a six-day notification period.

"As custodians of the public's school interests, it is important that we have time to rearrange our other appointments for the sake of these meetings," he added.

The problem of distribution of free lunches was discussed when Mr. Arduques moved that the superintendent be instructed to abide by the free lunch contract of the state department of education to provide free lunches for all children who are needy.

In an amendment to the motion it was stated that classroom teachers should report names of needy children to the superintendent who then would report the cases for consideration of the board.

The school system is allocated from the state department of education 7 cents for each lunch served in school lunch rooms. This money is intended to defray

that Mr. Arduques' visit had occurred at the beginning of the school year when lunch room operation had not yet been organized. Now, he said, the lunch rooms were providing a total of 15 free lunches.

"It certainly is my ambition," Mr. McCullough said, "to see that every needy child has a free lunch. My policy has been to ask teachers to report the names of students who seem in need of free lunches. The parents of these children are asked to visit my office in order that I may determine the financial situation of the family."

"I am attempting to provide free lunches for as many children as possible without defeating the purpose of the lunch room by lowering the quality of the lunches served. I intend to continue adding to the list of children receiving free lunches until all needy youngsters are provided for. However, we cannot afford to provide free lunches without investigation of each case since otherwise cost of operation could become too great for the lunch room to continue."

In a further amendment to the motion it was stated that if necessary the board would attempt to obtain local funds to augment state funds and student charges for operation of the lunch room.

Visitors at the meeting included Walter J. Rooney Jr., of the New Orleans architectural firm of Curtis and Davis; Mr. Rooney spoke, before selection of an architect, of his firm's qualifications in terms of school construction.

Mr. Wagner also was present and complimented the board members on their thorough method of choosing an architect.

Two soldiers, both AWOL from Ft. Carson, Colo., were arrested Oct. 3 and have confessed to the theft of food, a blanket and six towels Oct. 2 from the Dairy Dream managed by Wilson Weber.

The two, Pvt. Robert Heath, 18, and Pvt. Jerry Richter, 17, were stopped by Deputy Telford on Main St. They said they were hitchhiking but admitted the theft after further questioning. Some of the food, the blanket and the towels were found in a vacant house on McDonald Lane where the two had been staying.

Trial for both was scheduled for today with Richter appearing before justice of the Peace Nelius Rhodes and Heath before justice of the Peace Nolan S. Ladner.

Deputy Garcia, City Police Chief Alcine Sauter and City Patrolman Jack Ladner investigated the theft Wednesday night of four mailboxes from Felicity St.

Sheriff Ladner reports that prisoners transported to the state penitentiary at Parchman include Leonard (Pee-wee) Holloman, 37, sentenced to 11 months for violation of parole; Henry Pfannkuche, 20, and Earl Gaddy, 19, sentenced to 1 year for robbery of a service station, and Sam Durgin, Negro, 41, sentenced to 10 years for manslaughter.

The two, Pvt. Robert Heath, 18, and Pvt. Jerry Richter, 17, were stopped by Deputy Telford on Main St. They said they were hitchhiking but admitted the theft after further questioning. Some of the food, the blanket and the towels were found in a vacant house on McDonald Lane where the two had been staying.

Trial for both was scheduled for today with Richter appearing before justice of the Peace Nelius Rhodes and Heath before justice of the Peace Nolan S. Ladner.

Deputy Garcia, City Police Chief Alcine Sauter and City Patrolman Jack Ladner investigated the theft Wednesday night of four mailboxes from Felicity St.

Sheriff Ladner reports that prisoners transported to the state penitentiary at Parchman include Leonard (Pee-wee) Holloman, 37, sentenced to 11 months for violation of parole; Henry Pfannkuche, 20, and Earl Gaddy, 19, sentenced to 1 year for robbery of a service station, and Sam Durgin, Negro, 41, sentenced to 10 years for manslaughter.

South, Range 15 West, Hancock County, Mississippi.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the Fourth Monday of October, A. D. 1958 to defend the suit No. 7983 in said Court of LEWIS SWARTZENDRUBER.

The same being a suit to place heirs in possession of said land above described wherein you are a defendant.

This 11th day of September, A. D. 1958.

## Garden Clubbers Plan Pilgrimage Early in Spring

Plans for the annual Coast  
Council of Garden Clubs Pilgrimage  
early in spring were made  
at a meeting of the group Friday  
at the Coast Electric Power Assn.  
Building. A meeting of the execu-  
tive board and a Dutch luncheon at  
Hotel Reed preceded the meeting.  
A sketch submitted by local  
artist Nell Ducomb was selected  
for use on the cover of the pil-  
grimage brochure and program for the pil-  
grimage. The drawing features an  
iron garden gate and a southern  
belle.

The annual Christmas party  
will be held at the home of Mrs.  
W. C. Brundum in Pascagoula  
Dec. 10.

Mrs. Frank Kiefer is Pil-  
grimage chairman and has re-  
quested local pilgrimage chair-  
men to provide local programs  
and data to be used in the bro-  
chure.

Mrs. David McDonald was in  
charge of refreshments which  
were served at the close of the  
business session.
